

Florida Tropicals Direct

2010 was a great year for our Tropicals. All new product care instructions were provided using our new label and brand. We wish to thank all our customers and look forward to better serving your needs in 2011.

Direct shipments from our growers to your Nursery ensure the product quality with reduced handling and fast service. We **guarantee** our shipments will arrive in great condition. As we never take in the stock we are able to bring great value and pricing for this exciting product.

Our best Garden Center program features all the top selling **10" blooming tropicals** for outdoor and patio. You can incorporate 6" product as a nested item as we ship this material on decked trailers to your Garden Center.

Palms are another exciting category as we bring large sun grown palms to your customers for summer patio and business use. These inexpensive palms bring excitement and repeat sales each year to your nursery.

Bougainvillea is the most beautiful of all the tropicals. These are available from Topiary Creations. These will be shipped on their own trucks to ensure quality and color. Pricing for this grower is Freight included.

The **premium program** consists of florist quality **Hibiscus** and other blooming items. The Hibiscus are all European Hybrids with outstanding flower colors. The **Exotic Hibiscus** category consists of the extraordinary variety "**Rum Runner**" and some assorted similar colors.

New for 2011 will be a **12" and 14" program** of **Hibiscus** and **Mandevillea**. And after many requests we now have a **Foliage** program with 6", 8", 10" 12" and 14" materials.

In hardy nursery materials we supply container grown **Leylands** from central Florida. The 15g will be 6' minimum and the 30g 8' minimum.

Look us up online at www.FloridaTropicalsDirect.com for photos and now videos of the farms.
